Extract from DCI Briefing of Defense Appropriations Subcommittee of
House Appropriations Committee on 12 August 1964

Mr. Ford. Are we being any more effective now in preventing the flow
of North Vietnamese and Viet Cong military supplies coming into South
Vietnam"

Mr. McCone. No.

Extract from DCI Briefing of Defense Appropriations Subcommittee of
House Appropriations Committee on 15 January 1964

Mr. Helms. Intelligence on infiltration remains spotty, but we do have
firm evidence on the arrival of 1700 personnel from the north in 1963
and there are some indications that this may be as high as 2500.

Extract from 21 December 1963 paper "Highlights of Discussions in
Saigon 18 - 20 December 1963" (DCI Briefing of CIA Subcommittee
of Senate Armed Services and Senate Appropriations - 10 Jan 1964

There is continuing evidence of infiltration of cadres and small arms
from North Vietnam through Laos and across the Laotian border. GVN
intelligence reports indicate 1550 men with substantial but not precisely
known quantities of arms have entered South Vietnam from North Vietnam
through Laos this year.
